TO THE LADIES.

DYER'S WASHING, BLEACHING AND
CLEANSING FLUID!
The greatest labor-saving article yet discovered.

BY its use, washing machines and boards and hard rubbing, are entirely dispensed with, and not one quarter of the labor is required to do the washing of a family. The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly dispensed with, and an immense saving is thus made. It is emphatically the female's friend

☞ Warranted to give perfect satisfaction or the money will be refunded.

Prepared only by Charles Dyer, Jr, at his medical depot, 82 Westminster st, Providence, R. I.

Blank Book Manufactory and Stationery.

Third door north of Michigan street, up stairs.
And 335 Third st., 2d Ward, old stand,
Milwaukee, - - - Wisconsin.

HENRY NIEDECKEN,

A PRACTICAL BOOK-BINDER of long experience, in all its branches, would most respectfully inform the citizens of Milwaukee and the surrounding country, that he is prepared to bind any description of Books, being possessed of the best gilding and finishing tools, and keeping constantly on hand the first quality of binding material. He has found it necessary, by reason of increasing business, (consequent upon his low price and superior quality of work and materials,) to open another

Bindery, Ruling and Blank Book Establishment,

for the convenience of his "down town" friends, at the above mentioned place, where he will be happy to see his old customers and as many new ones as will favor him with their patronage.

Blank Books for banks, merchants, county clerks, recorders, auditors, treasurers, school commissioners, magistrates, insurance offices, &c, manufactured in the best manner, which in elegance, durability, and superiority of style and finish, will not be surpassed by any eastern manufacturer. In all his large blank books, he uses the improved patent mode of sewing, which gives strength, with great elasticity, and is incomparably superior to any other method for blank books, and will keep the leaves firm and solid while the book lasts, instead of coming to pieces, as is often the case with all other methods. No additional charge is made for this improvement.

Machine Ruling.—Ruling of every description, for blank books, tax lists, &c, neatly and promptly executed.

Fancy Articles.—He is also prepared to make all kinds of fancy articles, such as ladies' and gentlemen's portfolios, caskets, card, spectacle and segar cases, pocket books, &c. with neatness and despatch.

Ruled Music Paper.—He will also keep on hand a supply of blank paper ruled for manuscript music, which he can sell at so low a price that it will be a great saving of time, labor and money, to buy this all ruled and ready for writing the music

Albums, Magazines, Music Books, &c, will be bound with the greatest care, and in a neat and elegant style, to which the attention of the ladies is most particularly invited.

Bibles, Hymn, Prayer and School Books,

are constantly kept on hand, as also

STATIONERY, of all kinds, such as writing paper, ink, quills, steel pens, sealing wax, slates, writing books, and wafers, and a variety of books too numerous to mention.

GILT PICTURE FRAMES.

He is also in constant receipt, (imported direct from Germany by himself,) of a superior article of gilt frames, of all sizes, which he will sell at prices which cannot fail of suiting purchasers. He will be happy to show his goods and style of work to all who will favor him with a call, as he is confident that he can please every variety of taste. By good work and honest dealing, he expects to gain the patronage of the citizens of Milwaukee and the surrounding country. oct12 d24

Latest and best Collection of Church Music.
NOW READY,

THE GOLDEN LYRE:

A NEW Collection of Church Music, adapted to the various metres now in use, together with a great variety of new Anthems, Sentences and Chants, for choirs, singing classes, musical associations, and social sacred music circles—by W C TAYLOR, author of "Taylor's Sacred Music Minstrel," "Choral Anthems," &c &c

"We have explored its contents enough to dare to speak well of it. Mr Taylor is, himself, the author of a good part of the work, and he shows musical feeling, taste and invention, which make it no presumption in him to appear as a composer * * * Mr Taylor's pieces are commended by their melody woven into all the four parts, by their expressiveness, which always varies with the subject, and by their uniformly artistic style * * * And last, but not least, the work is more beautifully and clearly printed than any work which we remember of the kind"—N Y Tribune

"We believe the book to be greatly superior to any that has preceded it, and we think it may claim to be better adapted to, and more suitable for, the use of choirs"—Saroni's Musical Times

"We have examined this new collection of church music, and would add our favorable opinion of its merits, to the many encomiums it has elicited"—N Y Evangelist HAWLEY, FULLER & CO,
Publishers, Utica, New York

S. M. BOOTH, : : : : : : : EDITOR.

MILWAUKEE:

SATURDAY AFTERNOON, DEC. 14.

STRAIGHT FORWARD.—This number completes the first three months of the life of the DAILY FREE DEMOCRAT. It has succeeded beyond our most sanguine expectations. We commence a new quarter with the fullest confidence that we shall make our paper more acceptable to our patrons, than we have done. Without intending to trench on other people's ground—unless the "short cut" should require it—we believe we can fill a *niche* not occupied by the larger Dailies, profitably to ourself, and usefully to the public. Our list of subscribers is rapidly increasing. We publish it on the everlasting principle of PAY AS YOU GO. We are determined to go ahead,—we are bound to succeed. We know no such word as *fail*,—our motto is onward.

Those who want to sustain a paper of this kind, have now a fine opportunity to show their good will, by their *deeds*. We dont want your compliment, but we want *One Dollar* from every one of you who wish to read a live Daily newspaper for the next three months.—Come friends! Dont wait for one another, but *hand over* at once.

AWKWARD ADVOCACY.

"We have explained our own course, and *do* justify any action the People please to take in the selection of their public servants."—*Commercial Advertiser.*

No you don't. You have denounced the people of this District, for the action they were pleased to take in relation to Mr. DURKEE. It is only away from home, and when your interests are to be subserved by it, that you justify the action of the people.

The *Advertiser* adds, that, in relation to Gov. Doty, "on a single point [the Slave question] we have not, and do not pretend, to have a shadow of sympathy with him!" Brave Advocate of a man, without a shadow of sympathy with him on the great question which occupies the nation to the exclusion of almost every thing else! But it explains, in another paragraph, by saying, that Doty "received six thousand majority. Only think of it." And Durkee received but two thousand majority. So that, according to its logic, it should do *one third* as much for Durkee, as for Doty. Well, if it could not do more for Durkee than it does for Doty, while proclaiming that it has not "a shadow of sympathy with him," on the very question which has elected him Representative, and made him an available candidate for U. S. Senator, we should prefer *purchasing* its silence, to *buying* its support.

CONGRESS.

We trust the members of Congress, having spent ten months at the last session in everlasting talk, with no practical result, save the disgraceful Slave measures passed just before adjournment, will now bridle their tongues, and do something for the interests of the country. The first two measures which should be passed, are the Cheap Postage Bill, and the River and Harbor Appropriation Bill.—And they can be passed this session by a united effort on the part of their friends. The West has suffered long enough from the neglect of the General Government. Hundreds of thousands of dollars, and hundreds of lives are sacrificed annually on our Western waters, most of which might be saved, if the Government would do its duty. It is time for us to demand justice at the hands of Congress, and if Western members will but be true to their constituents, and press this question unitedly, it can be carried through without delay.

The question of Cheap Postage, is as important to the highest well-being of the people, as the improvement of Rivers and Harbors. It touches all classes directly and vitally, affecting not merely their pecuniary, but their social and moral interests. The present high postal rates are a tax, not only on knowledge, but a High Tariff on the social affections. The Government has recommended a partial reduction, but not what the people have asked for. The Government is an Aristocracy, which concedes to the People, only what is wrung from it. The Army and Navy and the Strong Box are its supports. Hence it lavishes freely on the first two, and drains the People, without stint, to supply the last. But any thing which is to benefit the people, without aggrandizing the nobility, has to be drawn from the Government, as from the hard grasp of a miser.

We trust Congress will amend the recommendation of the P. M. General, by adopting one uniform letter rate, of two cents, *pre-paid, in all cases*. A half-way reform will delay Cheap Postage a decade.

Cholera at Jamaica.—The loss of life is very great. The accounts of deaths being from 150 to 200 per day. The inhabitants were dying so fast that coffins could not be prepared to meet the demand, and in some instance, pits were obliged to be dug to bury the dead.—Every precaution was being used to check its ravages, but thus far without effect.

A large meeting has been held at Rochester N. Y. which denounced the fugitive law.

CITY MATTERS.

THE NIGHT SIDERS.—We understand that some of the "night side" gentry of Milwaukee, are considerably stirred up at the Free Democrat's notice of them, last Wednesday. We trust they will keep cool, for we have studied the natural history of the Elephant as well as the "tiger" and other animals, and we know just what is good for them, and how to handle them with perfect safety. We have but just begun with *one* class of the night-siders, and we can assure them that we have precious things in store for *all* of them, which will be brought out of our Treasury in due season. So we advise them to be quiet, or at least, as quiet as they can.

DONATION PARTY.—There is to be a Donation party for the benefit of the Rev. Mr. Keene, of St. John's parsonage, Fifth Ward, on Tuesday evening next, Dec. 17. The Friends of the Church are invited to attend. Donations may be left at the parsonage, or with Cowles and Ross.

Mr. Keene is a faithful, devoted, self-sacrificing pastor, who has labored almost gratuitously to build up the Church in the Fifth Ward, and is deserving of a generous donation. Having just fulfilled the scriptural injunction, a "bishop," or pastor, "should be the husband of one wife," those blessed with the privileges of a household, will, we trust, be ready to appreciate and supply the good things which—while they would scarcely be missed from their abundance—would contribute essentially to the comfort and happiness of their spiritual benefactor.

☞ DR. JOHNSON is building a fine brick block on the corner of Oneida and Van Buren streets. Its appearance, however, might be much improved by the removal of a pile of dirt and rubbish that obstructs the sidewalk, much to the inconvenience of pedestrians.

☞ The grading of Wisconsin street is progressing "slow, but sure." When complete, it will form one of the most beautiful streets that is to be seen in any city—grade easy, good sidewalks, no slump holes, nicely shaded, and a beautiful lake at the end of it.

☞ MICHAEL MCDERMOTT, City Engineer, in a communication in this morning's Sentinel, says that the whole city is "ahead of its time," considerable,—that friend Gardiner is 28 minutes, Kirby 27, and the bell 15 minutes too fast. Well, Milwaukee is a *fast* place—always up to, and sometimes a little before the time. He suggests that a town clock be placed up by Judge Miller's, close by the fence,—that it would be an ornament to the Judge's premises, and cost the Fathers only 30 or 40 dollars. This may be, but we think a better location might be selected, and one that would be more convenient to people generally.

☞ The Fire Department met on Wednesday evening, and considered a Constitution for a Firemen's Association—appointed a committee to make arrangements for a Concert to aid the Fund, and took measures to re-organize the Department.

SANTA CLAUS.—Mr. SAMUEL R. TUFTS—and who don't know SAM—has opened a Depot for the sale of "Literature," in the shape of books, papers, almanacs, Christmas documents, &c., on Wisconsin street, next door below the Stage Office. SAM used to carry his Depot around in a basket, but enterprise and industry have met with their usual success, and he now politely asks folks that like to read and look at the pictures, to call upon him.

The Holiday "Pictorial Brother Jonathan" and "Rip Snorter Almanac,"—a few left.

HOLD YOUR HORSES!—We wonder why Marshal O'TIM don't post up that notice again, "no faster than a run" over Spring st. bridge. The Jehus driving like Death on the gray mare, will soon have the bridge into the "drink" again.

☞ Rev. Mr. BASSETT, Pastor of the Free Congregational Church, will preach on the subject of "SLAVERY," Sabbath Evening next, at 7 o'clock.

☞ Some enterprising and tasty individual, is building a fine frame Cottage, after the old English style of architecture, up Wisconsin street. We admire such; it gives variety and beauty to the appearance of a fine street.

☞ Uncle Sam's light-house, on the bluff, will have soon have to take an "Irish hoist"—be "raised down" a peg. The undermining process going on up there, will ere long cause its "head to be brought low."

☞ We have been requested to notice an enterprize to be commenced for mutual improvement in the study of languages. The first meeting of those interested, to be held next Monday evening, at the 2nd Ward—Mr. Van Deren's School Room. Instruction is to be gratuitous. A Society is to be formed, with proper officers, and the most efficient method of acquiring a full knowledge of the languages is to be devised. All who whish to encourage and forward such an object, are requested to meet together, on Monday evening, at the place mentioned.

MAMMOTH TRADE SALE.—Those who attended the first trade Sale at Seamen's Furnishing Ware Rooms, need not be told that this is the place for great bargains. If any of our readers have any money to expend in purchasing Household Furniture, Seamen will take it at a great premium. We are sure he did so at the first sale, and having once got into the habit of it, it becomes more easy to do it the second time.

CONGRESSIONAL.

Washington, Dec. 11.

SENATE.—Mr. Hale presented a petition to abolish the usual punishment in the army.

Br. Benton introduced a bill for the establishment of a Western Armory.

December 12.

Captain Doyle, who was detected in defrauding the government, by forged vouchers for claimants, has been indicted. He is said to be doing a private banking business, and the President will make requisition for him.

Mr. Gwinn offered a resolution to print 3000 copies of the President's Message in French. Laid over.

Mr. Jones' resolution to continue newspapers of Senators during the recess, was adopted.

Mr. Cass' resolution of last session, suspending diplomatic relations with Austria, was taken up and laid on the table.

HOUSE.—Mr. Potter reported a joint resolution for the temporary appointment of an agent to receive bids for carrying the mails in Oregon and California, which, after debate, was ordered to a third reading.

Washington Dec. 13.

HOUSE.—Mr. Thurston offered a resolution, which lies over, asking the President to communicate copies of all correspondence received from the officers in oregon, since the organization of the Territorial government.

Columbus, Dec. 12.

OHIO LEGISLATURE.—*House*—Committee on Federal Relations, Mr. Howe, chairman, reported a series of resolutions denouncing the Fugitive Slave law. Laid on the table.

Gov. Reuben Wood, was this afternoon, at three o'clock, conducted to the hall of the House of Representatives. In the presence of a large assembly, he delivered his inaugural message. It was well written and well delivered. He vindicated the Fugitive Slave Law. He warned the people of Ohio to beware how they followed the lead of South Carolina in resisting a law of Congress.

The Legislature of Vermont has prohibited the sale of intoxicating liquors absolutely, except for Medical, Chemical and Mechanical purposes.

The "HOLLANDER," is the name of a very respectable paper published in Ottowa co., Michigan, partly in the English, and partly in the Dutch language.

ARRIVAL OF THE AMERICA.

Six days later from Europe.

New York, Dec. 13th.

It is said that the English Parliament has been called together sooner than usual, on account of the Anti-Popery question. The excitement continues greater and has extended to Scotland.

A correspondent of the *Daily News* asserts that the Attorney General is preparing a bill to make penal the holding of English titles by the Catholic clergy, and the *Times* significantly remarks that Dr. Ulthorne is the first, as he assuredly will be the last, bishop of Birmingham.

Lord Beaumont, Catholic nobleman, has taken the field against the Pope, and maintains that his appointment to the English bishoprics is derogatory to the Crown, and at variance with the Constitution.

Immense meetings have been held all over the country denouncing the aggressing policy of the country towards the Pope. Terrible riots have in consequence ensued. In one instance the magistrates were obliged to fly before the mob.

ROME.—Latest advices state that the Propaganda affect to treat lightly the commotion in England on the late Papal aggressions, and profess to regard it as a mere question of etiquette.

PRUSSIA—The Prussia Chambers were opened on the 21st, by a speech from the King, which was favorable to the war party. He said:

"We seek no war, but we demand an agreement for the general fatherland, suitable to the present condition of Europe and Germany, and corresponding with the amount of right which God has placed in our hands. We have a good old right—we will defend it, and will remain under arms until we have secured its acknowledgements. We owe this to Prussia—We owe this to Germany."

The Austria army in Hesse is suffering from want of provisions, and their commander has informed Prussia that he will be compelled to advance.

Gen. Groben replied that the Prussians under his command would not fall back, under any circumstances whatever.

The Cabinet of Petersburgh is reported to have formally made known that a war of Prussia against Austria would, at the same time, be a war against Russia.

The intelligence from the Continent is again of a warlike character. The Cabinets of Berlin and Vienna are now stated to have arrived at a point in which the dispute must emerge into open hostilities.

The French general is said to have received a despatch, from Berlin, announcing that the Austrian Government had demanded the evacuation of Hesse Cassel, within 24 hours.—The same report states that a note, drawn up in the most energetic terms, was communicated by the Russian Ambassador to the Prussian Government.

FRANCE.—Latest advices from Paris announce M. D. Poisigny from Berlin, and he is reported to have expressed his conviction that the King of Prussia will have great difficulty in restraining the warlike disposition of his people, and that he can not and ought not make any further concessions.

The entire line of the railroad between Columbus and Zanesville, is now under contract, and speedily progressing toward completion.

THE SLAVE'S RESPONSE.

Tank you, Massa! Have you laf your fill?
Then let *me* speak, nor take such freedom ill:
Even from *my* tongue, some heartfelt truth may fall,
And outraged nature claims the cause of all.

My tale, in *any* place, would force a tear,
But calls for stronger, deeper feelings, *here*;
For while I tread on free Columbia's land,
And free Americans before me stand—
Vain, vain, the glorious privilege to me,
I am a SLAVE, while all things else are free.
Yet was I born, as you are—no man's slave;
An heir to all that liberal nature gave:
My mind can reason, and my limbs can move,
The same as yours: like yours, my heart can love.
Alike, my body, food and sleep sustain,
Like yours it suffers pleasure, want and pain.
One sun rolls o'er us—common skies surround,
One globe supports us, and one grave must bound.
Why then am I, devoid of all, to live,
That manly comfort, man to man should give?
To live, to property and rights, unknown,
Not even the *common* benefits my own—
No gentle hand, when age is in decay,
To charm my cares, and soothe my pains away,
But, helpless, left to quit this horrid stage,
Harrassed in youth and desolate in age.
Oh! sons of Freedom! Equalize your laws,
Be still consistent, plead the bondman's cause!

☞ **BLISS' COMPOUND COD LIVER OIL CANDY.**—THE ORIGINAL AND ONLY GENUINE.—This admirable remedy for Coughs, Colds, Influenza, Asthma, Bronchitis, and all affections of the Throat and Lungs, has now been before the public for the last year, during which time it has been tested most thoroughly by the most competent to decide upon its merits. Every one knows the virtues of Cod Liver Oil, but it is like a "sealed book" to thousands of suffering invalids on account of its repulsive taste and smell. The proprietor has entirely obviated this, without detracting from the medicinal virtues of the Oil, by combining it with certain other celebrated curatives, in the form of a most agreeable article of confectionery, by which it can be administered to the most delicate invalid with the least inconvenience. Purchasers must beware of *counterfeits*, as its rapidly increasing popularity has excited the cupidity of certain Druggists and Confectioners in various parts of the country, who are preparing an article under the same name, put up in similar style with a copy of the wrapper, and are thus endeavoring to palm their miserable imitation upon the public as the genuine article. To secure the public from imposition and to prevent farther counterfeits, the proprietor has procured a new and elegant wrapper, with a vignette representing a fleet engaged in the cod fisheries on our coast, and the method of extracting the oil from the livers of the Cods, and have secured the copy-right of the same, and I shall deal with all infringements to the extent of the law.

N. B. Be particular and enquire for ☞"Bliss's Compound Cod Liver Oil Candy." Examine the wrapper and observe the fac-similie of the signature of the proprietor, without which none can be genuine. COMMON SCHOOLS.—No. 1.

As the time is at hand for the winter Schools to commence, I propose to offer, through the columns of the Free Democrat, a few suggestions to parents and teachers upon some matters intimately connected with the important business of teaching, and being taught.—Claiming for myself no superior judgment in these matters, I shall only ask for the ideas which I advance, that consideration which truth and candor will be willing to allow.

Let us reflect a moment upon the importance,—the paramount importance,—of our Common Schools, and the extensive and ever extending influence they are capable of exerting for good or ill, upon the individual, the family, and the State. In the first place, I think it a safe assumption, to say, that 499 out of 500 of the children now in the United States, between the ages of four and twenty, will never receive any higher instruction than that afforded by our Common Schools.—Here to the masses, into whose hands the responsibilities and duties of State and National concerns will soon fall, are to be educated, if educated at all. Here, characters are to be formed, principles inculcated, and energies directed, which will leave their impress upon the community, the country, and the age.

I do not wish to detract from, or undervalue, Colleges; but how far, how very far, are they above and beyond the reach and the wants of the masses of the people. How trifling their influence compared with Common Schools; and how puny efforts do they put forth in preparing the vast body of young people for the varied and responsible duties of active life.—Philanthropists and patriots ground their hopes of the perpetuity of this Republic upon the intelligence and virtue of its citizens. The teachings of experience, and the lessons of history have abundantly proved that nations cannot prosper while the great majority of its inhabitants remain in darkness and superstition. If ignorance be indicative of [illegible] decay, then let us, as we love our country strive to drive it from among us.—Let us see to it, that every child in our respective districts is brought within the influence of our Schools, and we soon can boast that we have no ignorant voter in our midst. Gen. Harrison's majority for President, in 1840, amounted to about 150,000 votes. There are more than 150,000 voters in our land that cannot read *the ticket they deposit in the ballot box!* Henry A. Wise once boasted in his place in Congress, that there was not a newspaper published in his district. That was in the "Old Dominion"—the "Mother of Presidents;" but they have no [illegible] Free Schools in Virginia; the people are not enlightened—they are not a reading people, and, consequently, feel little disposed to encourage newspapers. What a commentary upon the intelligence of a people, *a Congressional constituency that cannot* [illegible]! With what pride do we turn from this dark picture, to compare with it the condition of things in Mr. Durkee's District, which, if I am not mistaken, boasts of one fourth as many papers as are published in the whole State of Virginia,—a district, which, twenty years ago, perhaps, did not contain a single white inhabitant.—And the knowledge of its citizens—its churches, its papers, well read, and well sustained, as they are, its high schools and academies, and the healthy moral tone of public sentiment furnish a strong argument in favor of the Common School System of Education.

Next week I shall say something about teachers and their qualifications.

HARTFORD, Wis. A. M. T.

For the Daily Democrat.

WAUKESHA, Dec. 11, 1850.

Mr. EDITOR: Will you please inform the readers of the Democrat, that the following curiosity was found and forwarded to this place in "*due and ancient*" form, namely: The *Cocked Hat* into which the *prospective* [illegible] was *knocked* at the last election, which upon examination, proved to be the mate of the one into which the Grand Seignor of the [illegible] was knocked at the same time.

Yours, &c. A. M. A.

☞ THE GENESEE FARMER for December, published at Rochester, New York, at 50 cents a year, by Daniel Lee, a scientific and practical Agriculturalist, and one of the very best Editors, in his department, in the country, is received. This number closes the volume. The subscribers to the next volume will receive a beautiful and costly engraving, of the Mammoth Glass Building, now being constructed in London, for the World's Fair. The engraving cost several hundred dollars, and will be about two feet long, by one in width, and is itself worth the price charged for the Farmer. One of the Editors is to attend the World's Fair, and will give in the Farmer every thing that occurs of real interest.

Charleston, Dec. 1.

Terrible Explosion.—**The steamer Antoinette Douglas burst her boiler on Tuesday, on the Alabama river. Thirty were killed, 23 wounded, 25 missing, 51 escaped.**

VARIETY.

Fire.—A barn owned by Mr. Klemer, about three miles from this place, on the Winnebago road, was consumed by fire with all its contents, one day last week. The loss will amount to about $200.—*Manitowoc Co. Herald.*

A cheap luxury.—Eat salt fish for breakfast and for twenty-four hours afterwards the commonest kind of pump water will taste like champaigne.

Fire.—There was a destructive fire in St. Louis, on the 4th of December, which destroyed $100,000 worth of property.

We learn that a man by the name of Kidder died in a fit of delirium tremens in the jail, on Tuesday night.—*Janesville Gazette.*

A Mr. Hoad, of Auburn, Geauga Co., while driving into the city, in company with his wife on Tuesday last, in apparrent good health, fell dead in his wagon: without a premonitory sympton, or uttering a word.—*Cleve. True Dem.*

Dr. Collyer gets $4 per ticket at Sacramento city for his exhibition of "living models."

A series of lectures, is to be delivired before the Young Men's Association, at Racine this winter.

Toronto and Lake Huron Rail-road.—The The proposed Rail-road from Toronto to Lake Huron is now in a fair way of being realized by the indefatigable energy of Mr. Caproel, who has devoted his whole time to the enterprize. The directors of the Company have announced that they are prepared to go on with the road, when the corporation of Toronto shall decide to loan them $400,-000.

This they will probably conclude to do, or grant them $100,000. The Board of Trade of Toronto have recommended the Corporation to adopt the latter course.

A large Calf.—Messrs. Tompkins & Co. of the Fountain City Market, presented us with Beef enough to supply two families for a week from the famous two year old Badger Heifer, the quarters of which weighed 514 pounds.

If any other portion of Wisconsin can excel this, send us "a good roast."—*Fountain City.*

Rock River Valley Rail-road.—An arrangement has just been effected, to connect the above Road with the Galena and Chicago Union Rail-road, at a point most conducive to the ine interests of both companies.

GREAT ARRIVAL OF

WINTER GOODS!

191 East Water st., Martin's New Block.

EXTRAORDINARY AND DAILY INCREASING ATTRACTIONS AT

CAMERON'S

NEW-YORK STORE.

Established in Milwaukee in May, 1849,

IN connection with one of the most extensive Importing Houses in New York city, for the purpose of establishing a large and permanent business, on the Cash system.

The proprietors of this already well known and popular establishment take this way of informing numerous patrons, in town and country, that they have made such arrangements to meet the exigencies of their rapidly increasing business, as will enable them to offer still greater inducements to purchasers. Their Fall and Winter stock is beyond comparison the most extensive and varied

In the Western Country,

embracing every article usually found in first class houses in the Atlantic cities.

To those who have already dealt with them, they deem it unnecessary to allude to their ability and determination to undersell any other House west of New York city. To those who have not yet examined

THEIR STOCK OR PRICES,

they would say, through their connection in New-York, and an almost unlimited business, they are enabled to keep a resident buyer of great experience in New York and Boston markets, and many other goods are imported direct for their own trade in the original packages, thus securing many

New and Choice Styles of Goods,

that cannot be found at any other establishment here.

Their arrangements are so complete that they can, and pledge themselves that they will sell every piece and style of goods as low as they can be bought in the most celebrated cheap stores in New York or Boston. Every piece and style of goods in this establishment, being bought of first hands or at auction, or imported direct, and consequently from

25 to 30 PER CENT. LESS

than Western Merchants pay for them—in fact we sell many styles of goods for less than western merchants pay for them in New York or Boston. Every article will be marked at the very lowest price, and will be guaranteed less in every instance than a similar article can be bought elsewhere.

We annex the following list of prices—which we think can hardly fail to convince the public—that this is not one of the humbug pretensions of the day.

LIFE ASSURANCE.

☞ **Ætna Insurance Company, HARTFORD, Conn.—Annuity Fund, $150,000.** —This well known and long established Company, having organized a new department for LIFE INSURANCE, with an entirely distinct capital, exclusively pledged with its reserved accumulations, for the payment of losses upon Life Insurance only, and in no event liable for the other debts, contracts, or engagements of the Company, is now prepared to issue Policies on Lives, at rates materially reduced from those charged by the Mutual Companies. The leading idea of the system adopted by this Company, is, to ascertain precisely what it is worth to insure a given amount upon a life for a certain time, and to charge precisely that sum, and no more: it is attended with none of those vexatious contingencies which are inseparable from the mutual system—it has nothing to do with scrip dividends or bonuses, the declaration of which upon true and equitable principles, is attended with so much difficulty and perplexity—it is perfectly simple, as well as uniform and equal in all its operations.

The promptness, fairness and liberality which have marked all the dealings of this Company, for a period of thirty years, and the well known character of its officers and directors, afford the surest guaranty that its affairs will be so managed as to afford to the assured that ultimate safety and security which is of first importance in Life Assurance.

Policies will be granted payable after death, or upon the party's arriving at a specified age, at his option; in either case, free from the claims of creditors. The usual extra risks will be assumed by this Company at reasonable rates.

Pamphlets containing Rates of Premium, and information in relation to the plan of operations, and all necessary papers to effect insurance, may be obtained at the Agency of this Company.

THE EMIGRANT:

A Weekly Paper to be published in Milwaukee, on Saturday, the first week of December, 1850, and every succeeding Saturday.

☞ **Terms—$2 00 per annum, quarterly in advance**

To those who behold—every year—thousands of toiling and industrious human beings, coming to seek a home, and a shelter, far from the land of their childhood, in this American Republic, it may not appear strange that a man, (an Irish Emigrant himself) should think of establishing a newspaper, devoted, in some measure, to the instruction and guidance of his fellows—a directory, as it were, to the stranger, in fixing on a set principle of action, suited alike to all grades and all callings—cautioning the unwary and unitiated, against the numerous snares and many pitfalls, that are constantly laid in their innocent way, (by the designing and cruel-hearted,) in which they lose their property, their peace of mind, and often times their health, never, never, (perhaps with few exceptions,) to recover those pecuniary losses, or their former happiness.

The public are aware how many aspersions our old country men are subjected to, [sometimes deserved, but oftener not—intoxication, quarreling, and theft being the principal accusations in the calendar of crimes,] but it must be acknowledged that those misfortunes befall us from the want of some kind monitor—some trustworthy friend, to keep us in the right way, and guide our steps through the mazes of danger and vice, into which the young and unguarded fall, without knowing when that danger is at hand, or how to avoid it.

To bring the settler then to a just level with the native citizen, in every department, will be the proudest task of the Editor, and if the success of the undertaking be only partial for a time, still, with a little encouragement from the people, the laborer will be excited to greater action, and renewed perseverance, disclaiming [in toto] all party politics, at the same time exposing injustice and unmasking fraud, infamy, and deceit, too commonly practiced in a new country.

The increasing poverty of Ireland, and other European countries, [accompanied, alas! this harvest, with the failure of the wheat and potatoe crop,] must drive half a million more, next spring, to the friendly shores of this continent, and therefore, it is more than ever necessary, that our brethren should have reliable information and unprejudiced advice in a public print.

The hardy and bold man from the Mountains of Kerry—the plodding, sober-minded of the rich fields of Limerick or Meath—the industrious artizan of Manchester or Birmingham—the rough, healthy looking farmer of Leicester or Norfolk—the far-off Highlander of Caithness, or the more refined Southerner from Clyde Dale, may all profit alike by some organ suited to their tastes, yet drawing them still closer, in heart and mind, to the interests and welfare of their adopted nation.

We close this notice with a hope that this publication will obtain a fair patronage, from all classes, [the people of Wisconsin in particular,] and with the assurance that our motto shall be—"*The truth, the whole truth, and nothing but the truth!*" oct19-6td
